

Catwoman movie looks bad

ErnieD

The movie Catwoman is really.. really.. bad. It's terrible.

ErnieD suffered through the movie Catwoman (imdb) today and he is still horrified. Knowing such a poor movie is out there, on the loose, is extremely depressing. Even worse, the pain of viewing it will soon be inflicted upon other, innocent people.

ErnieD begs you to make a mental note saying Say NO if your date wants to "enjoy" Catwoman at your local cinema..Do it NOW.
