

Gentoo-Wiki to hit 10 million page-views

LR

The official Wikipedia project is growing rapidly, and so are niche Wiki-projects. The Gentoo-wiki will reach 10 million page views in 4 or 5 days.

- How does it feel? we ask the founder.
- good i guess, not there yet thou :), says Thrasher7, who admits that the server load is getting a little too high at peek times.
- "I might have to get a new server or upgrade the current one now"
